~ additional opportunities possibly available to sponsors who commit to one of the above levels

AOSA Sponsorship Selection Procedure

- Priority selection will be given for forms received by May 15th.
- If more than the maximum available spots per sponsorship level are requested, a drawing will take place to choose who will be placed in that level.
- Those not selected will have the opportunity to choose another level prior to the offering of the remaining levels to industry members at large.
- Event selection priority will be given to the highest level sponsorships first with events assigned to remaining sponsors based on order of receipt of interest form and available events or through lottery drawing if necessary.
- All care will be taken to communicate throughout the process to ensure that sponsors are pleased with their selected events and presenters.
- AOSA staff will work hard to meet the desires of each individual sponsor within the framework of program.
