

Welcome First Timers!

**Plan ahead! Register early for a discounted price.**

**New to the Schulwerk?** Sign up for “Introduction to Schulwerk” on Thursday. This block of sessions provides an overview of the Orff-Schulwerk approach.

**Plan Your Schedule.** Click on the [Conference Program Guide](#) for the complete schedule. You can download a printable version of the schedule. PD sessions are ticketed to avoid overcrowding, but evening events and concerts are open to everyone. Sessions that are full do not appear when you register, but don't dismay, some may re-open onsite. Check in each day at the booth marked “Session tickets” in the exhibit hall to see what's available.

**Banquet ticket!** Celebrate the conference with dinner and dancing! Check with your friends and reserve a table before the conference.

**Graduate credit.** Clock or contact hours are regulated by your state department of education. Check with your administration first to see if the conference contact hours are acceptable. A verification log is printed in the back of the conference book to document hours for either a contact-hour certificate or graduate credit. Check the website for directions.

**Book your stay at the convention center hotel.** AOSA negotiates a reduced room rate for attendees in exchange for a guaranteed room block. This is where the action is!

**Download Guidebook** available for all smartphones and tablets. Check the conference program page for directions.
