

References Related to World Music: Selection for Music Teachers

(This list was selected by Cecilia Wang and K. H. Han. It is by no means a comprehensive list. The purpose here is to offer a range of sample resources to further the understanding of the role of world music in music education, and the impact of the field of ethnomusicology. The first part lists reference sources for further reading, the second part comprises of practical activities involving music from different cultures for use in the classroom.)
